

Rhone-Alps Clusters: new synergies for inventing the industry of tomorrow

Cluster = companies, laboratories and training centres grouped together in a network in order to develop products that are innovative, successful and create jobs

Mountain Industries in Rhone-Alps:

- 500 companies
- 110 000 jobs
- 185 ski resorts
- 20 % of the European skiing domains
- 40 % of the International clientele

Action Programme 2010 of the CIM, Cluster in collaboration with SPORALTEC: **the Ispo winter trade fair 2010 in Munich.**

This action, organized by the **Savoy Chamber of Commerce and Industry, which manages the CIM, Cluster**, aims to stimulate the mountain sector by enabling French companies to improve their presence at this sector's indispensable world event. It is supported by the **Rhone-Alps Region** and the French state through **Ubifrance**. The ski resorts in the '**3 Vallées**' are also partners in the operation.

Discover all these companies and their innovations in the enclosed **film** and **press files**

See you at Ispo winter 2010 stand A5.342 or on www.cluster-cim.fr
